Sub: Offer for IIA Members in Medical services at Regency Healthcare

Dear Sir,
Greetings from Regency Healthcare – Kanpur.

Regency Healthcare group has been committed to provide Quality Healthcare to the state of Uttar Pradesh. For Over the past 25 years we have given the state its first NABH 225 bedded tertiary care multi-specialty Hospital and the first single specialty Renal Hospital - the only Center authorised to do Kidney Transplant in Uttar Pradesh in private sector, Regency City Clinic the first Wellness Center dedicated to Health Checks, Super Speciality OPD, state of art Diagnostics & Pathology and a 100 bedded Multi-speciality Hospital in Govind Nagar – South Kanpur. The group also has the first comprehensive Cancer Hospital of Uttar Pradesh in Kanpur. This center is catering to the long standing need of the patients who have been bereft of quality and comprehensive Cancer diagnosis and treatment. Cancer treatment involves early and accurate diagnosis, precision medical evaluation and then the treatment as per the decision of the Medical, Radiational and Surgical Oncology team. Here at the Center along with the required expertise in the 3 Oncology verticals we also have the best in class and most advanced PET CT and Linac to back our skilled and experienced Consultants.

With more than 100 Consultants, all possible Super Specialties, the trust of the region, we assure you to keep our promise of providing quality and comprehensive health care to the region and would keep bringing in the best available medical facilities and treatment to the region and we thank you for your trust and patronage. The detail of facilities provided at Centers of Regency Healthcare are available on our website www.regencyhealthcare.in
