

Electricity Hike agitation- **Important Information**

Dear All,

Keeping in view the grand success of State wide Bandh on 22nd November 2012 the desired message and displeasure of the Industries in U.P has been conveyed to the Government loud and clear. As such it is felt that there is no need to observe the Bandh again on 29th November as was conveyed earlier.

Hence, please note that Bandh Call for 29th November 2012 is withdrawn by the Joint Action Committee.

The joint Action Committee had also given a call to hold the payment of Electricity Bills till 30th November 2012. **In view of the present situation and discussions with the Industrialists across the State , it is decided by the Joint Action Committee that the Electricity Bills may be paid under protest .**

Above decisions are also taken to facilitate the Government to come out on the table for discussions with us. A communication to the CM U.P has been sent in this regard.

As communicated yesterday, in the meantime an open letter to CM U.P will be published in all leading news Papers and the future course of action for our agitation will be decided on 1st December 2012 and will be informed accordingly.

G.C.Chaturvedi

Chairman, Vidhut Upbhokta Joint Action Committee
